

REMARKSAmendments

In the claims, claims 1 to 17, directed to a process of manufacturing a composite polymeric circuit protection device, have been canceled in response to a restriction requirement. (Please note that in the Preliminary Amendment for this case, mailed March 14, 2002, this same amendment was made, i.e. claims 1 to 17 were canceled. The Examiner is asked to contact the undersigned if the Preliminary Amendment is not in the file, as additional amendments to the specification and drawings were made in the that Preliminary Amendment.)

Restriction Requirement

Applicant confirms the election, without traverse, of claims 18 to 20 (i.e. Group II) for prosecution in this application.

Conclusion

It is believed that this application is now in condition for allowance and such action at an early date is earnestly requested. If, however, there are any outstanding issues which can be usefully discussed by telephone, the Examiner is asked to call the undersigned.

Respectfully submitted,
